Company Introduction

Modern Generations Contracting Co. (MGCC), headquartered in Riyadh, is a leading **Grade** 1 classified contractor on the **BALADY** Platform in the construction and electromechanical (**MEP**) sector. We specialize in executing integrated **Turnkey projects**—spanning civil and structural works, architectural finishes, and comprehensive MEP systems.

MGCC has established a strong position in the Saudi market through strict adherence to quality and safety standards, sustained growth and stability, and professional engineering management—ensuring projects are delivered with the highest efficiency, on schedule, and within the approved budget.

CONSULTANT REVIEWED & COMMENTS

material submittal for the ducts/duct manufacturer is approved. The manufacturer shall follow the SMACNA standards for the fabrication and installation of the ducts.
Furthermore, the priority of metal sheets used in the fabrication of the ducts shall be given to the national product (SABIC). In case of non-availability of SABIC products, the manufacturer is required to submit a non-availability letter stamped by the Chamber of Commerce.
all materials used in the fabrication of the ducts meet the required standards and specifications.
